PROGRAM

Thursday 30th March 2023
ASM Day 1

12.00pm - 1.00pm
Registration & Lunch

DIAGNOSTIC

1.00pm - 3.00pm | Concurrent Session

Diagnostic Workshop

Moderators: Dr Kevin Tay & A/Professor Elaine Lui

1.00pm - 1.15pm

Neuroradiology exams: Insights on teaching & sitting the new format RANZCR vivas

Associate Professor Lavier Gomes

1.15pm - 1.30pm

Neuroradiology exams: Insights from a recent gold medallist

Dr Nick Karsz

1.30pm - 3.00pm

Interactive Cases Part 1 with Radiopaedia's Frank Gaillard

Afternoon Tea & Industry Exhibition

3.00pm - 3.30pm

3.30pm - 5.30pm | Concurrent Session

Moderators: Dr Yulia Perchyonok & Dr Ricky Lu

3.30pm - 5.00pm

Interactive Cases Part 2 with Radiopaedia's Frank Gaillard

5.00pm - 5.30pm

Mini-journal club: current hot topics fly through

Dr Ricky Lu & Dr Ernest Leggabe

Welcome Dinner

6.30pm @ RACY Cape Schanck

INR

1.00pm - 3.00pm | Concurrent Session

INR Case based panel discussions

Panel: Dr Alice Ma, A/Professor Alistair Jukes & Dr Julian Maingard

1.00pm - 2.00pm | Life Healthcare

1.00pm - 1.20pm

FRED-X EU Multicentric Series

Dr Johnny Downer, University of Edinburgh

1.20pm - 1.30pm | Panel discussion

1.30pm - 1.50pm

Surface Modifications for Devices: An engineers perspective of objectives, the science and the future

Aaron Baldwin, MicroVention Inc

1.50pm - 2.00pm | Panel discussion

2.00pm - 3.00pm | Medtronic

2.00pm - 2.20pm

Introduction to RIST – A physicians perspective

Dr Eric Peterson – Miami, Florida, USA

2.20pm - 2.30pm | Panel discussion

2.30pm - 2.50pm

Introduction to RIST – A physicians perspective

Dr Eric Peterson – Miami, Florida, USA

2.50pm - 3.00pm | Panel discussion

Afternoon Tea & Industry Exhibition

3.00pm - 3.30pm

INR

3.30pm - 5.30pm | Concurrent Session

INR Case based panel discussions

Panel: Dr Ruchi Kabra, Dr Grace Aw & Dr James Caldwell

3.30pm - 4.30pm | Stryker

3.30pm - 3.50pm

Neuro Elite Fellows Complex Case

Dr Tim Philips

3.50pm - 4.00pm | Panel discussion

4.00pm - 4.20pm
Neuro Elite Fellows Complex Case
Dr Tim Philips

4.20pm - 4.30pm | Panel discussion

4.30pm - 5.30pm | Penumbra

4.30pm - 4.50pm
The RED experience
Dr Tim Philips

4.50pm - 5.00pm | Panel discussion

5.00pm - 5.20pm
Derivo 2 Flow Diverter
Dr Gaurav Goel, Gurgaon, India

5.20pm - 5.30pm | Panel discussion

Friday 31st March 2023 ASM Day 2

8.00am

Registration & Coffee

9.00am - 10.30am | Plenary Session | Ischaemic Stroke

Moderators: Professor Trish Desmond & Dr Lee-Anne Slater

9.00am - 9.30am

CT Perfusion in acute stroke-Tips and Pitfalls

Dr Daniel Saddik

9.30am - 10.00am

To treat or not to treat with Endovascular Clot Retrieval - what an INR wants to know

Dr Steve Bush

10.00am - 10.30am

Our story: a stroke survivors story

Chris & Agnes Borek

Morning Tea & Industry Exhibition

10.30am - 11.00am

DIAGNOSTIC

11.00am - 12.30pm | Concurrent Session

Epilepsy & Trauma

Moderators: A/Prof Christen Barras & Dr Paul Beech

11.00am - 11.30am

Epilepsy Imaging: Approach and Protocols

Professor Howard Rowley

11.30am - 12.00pm

Head Trauma and Neurovascular Injury

Professor Howard Rowley

12.00pm - 12.30pm

MR safety: concepts & lessons learnt from low to ultrahigh field

Professor Keith Thulborn

12.30pm - 2.00pm

Lunch & Industry Exhibition

DIAGNOSTIC

2.00pm - 3.30pm | Concurrent Session

Human & Artificial intelligence

INR

11.00am - 12.30pm | Concurrent Session

Intrasaccular Devices for Aneurysm treatment

Moderators: Dr Nathan Manning & Dr Tim Phillips

11.00am - 11.30am

Advances in intrasaccular flow disruption: when do I use Contour or WEB?

Professor Alessandra Biondi

11.30am - 12.00pm

Intrasaccular flow disruption for ruptured aneurysms: the evidence, and our approach

Associate Professor Julian Maingard

12.00pm - 12.30pm

Is dual antiplatelet therapy required for intra-saccular devices?

Professor Alessandra Biondi

12.30pm - 2.00pm

Lunch & Industry Exhibition

INR

2.00pm - 3.30pm | Concurrent Session

Creative solutions: my complex INR case and what worked

Moderators: Professor Roland Bammer & Dr Anthony Kam

2.00pm - 2.30pm

Neuroradiology Cases: Thinking, Fast and Slow
Professor Howard Rowley

2.30pm - 3.00pm

Setting up diagnostic AI for clinical practice: How to & lessons learnt
A/Professor Peter Brotchie & Dr Simon Edelstein

3.00pm - 3.30pm

Ethical AI: keys to keep our patients safe
Dr Simon Coghlan

3.30pm - 4.00pm

Afternoon Tea & Industry Exhibition

DIAGNOSTIC

4.00pm - 5.30pm | Concurrent Session

Head & Neck

Moderators: Dr Jen Gillespie & Dr Simon Edelstein

4.00pm - 4.20pm

Revision of H&N spaces & their pathologies
Dr Jean Lee

4.20pm - 4.50pm

Temporal bone: what any radiologist needs to know
Dr Salman Qureshi

4.50pm - 5.10pm

The failing vestibular system
Dr Daren Gibson

5.10pm - 5.30pm

Case based approach to parotid tumours
Dr James Sheldon

ANZSNR Executive Dinner
(Free night for delegates)

Saturday 1st April, 2023 ASM Day 3

8.00am

Registration & Coffee

DIAGNOSTIC

9.00am - 10.30am | Concurrent Session

Inflammation and infection

Moderators: Professor Paul Parizel & Professor Alan Coulthard

9.00am - 9.30am

Cased Based Approach to Working up Demyelinating conditions & complications
Professor Alex Rovira

9.30am - 10.00am

Case Based Approach to Working up Infectious and Autoimmune Encephalitides
Associate Professor Lily Wang

10.00am - 10.30am

PROGRAM | ANZSNR

Panel: Dr Ken Mitchell, Dr Grace Aw, Dr Shane Lee & Dr Andrew Cheung

2.00pm - 2.10pm | Dr Laetitia de Villiers

2.10pm - 2.20pm | Panel and audience discussion

2.20pm - 2.30pm | Dr Brendan Steinfort

2.30pm - 2.40pm | Panel and audience discussion

2.40pm - 2.50pm | Professor Alessandra Biondi

2.50pm - 3.00pm | Panel and audience discussion

3.00pm - 3.10pm | A/Professor Hamed Asadi

3.10pm - 3.20pm | Panel and audience discussion

3.30pm - 4.00pm
Afternoon Tea & Industry Exhibition

INR

4.00pm - 5.20pm | Concurrent Session

Patient and staff safety, and environmental sustainability in INR
Moderators: Dr Steve Chryssidis

4.00pm - 4.20pm

Insights from an INR Clinical Nurse Consultant on Driving Excellence in Patient Experience
Mrs Minarah Sabapathypillai

4.20pm - 4.50pm

How to keep you and your patients safe: Perspectives of a Radiation Safety Physicist
Dr Mohamed Badawy

4.50pm - 5.10pm

Environmental sustainability and reducing healthcare waste in INR
Dr Pey Ling Shum

5.10pm - 5.45pm

Speciality recognition of INR in Australia and New Zealand
Associate Professor Nick Brown

INR

9.00am - 10.30am | Concurrent Session

SNIS: Multimodal Management of Complex Cranial Dural Arteriovenous Fistulas

Moderator: Dr Hal Rice & Dr Geoff Parker

9.00am - 9.20am

Hybrid Approaches to the Management of Complex Carotid Cavernous Fistulas
Dr Peter Kan, MD

9.20am - 9.40am

Endovascular and Beyond: Complex Dural Arteriovenous Fistulas Requiring Multimodal Therapy
Dr Stacey Wolfe, MD

9.40am - 10.00am

MRI of the Meninges and CNS Infections
Professor Howard Rowley

Morning Tea & Industry Exhibition
10.30am - 11.00am

DIAGNOSTIC

11.00am - 12.30pm | Concurrent Session

Neurodegeneration

Moderators: Dr David Brazier & A/Professor Shalini Amukotuwa

11.00am - 11.30am

Dementia: an imaging approach
Professor Howard Rowley

11.30am - 12.00pm

Dementia: clinical aspects a radiologist needs to know
Professor Dina LoGiudice

12.00pm - 12.30pm

Imaging Patterns in CNS Metabolic Diseases
Professor Howard Rowley

12.30pm - 2.00pm

Lunch & Industry Exhibition
ANZSNR AGM

DIAGNOSTIC

2.00pm - 3.30pm | Concurrent Session

Tumours

Moderators: Professor Stephen Stuckey & Dr Christine Goh

2.00pm - 2.30pm

What's new again? WHO 2021 Case Based Revision of Paediatric CNS tumours
Dr Cristina Mignone

2.30pm - 3.00pm

What's new again? WHO 2021 Case Based Revision of Adult CNS tumours
A/Professor Arian Lasocki

3.00pm - 3.30pm

Neurooncology MDM - what we want radiologists to know
Professor Mark Rosenthal, Professor Kate Drummond, Dr Claire Phillips, Dr Samuel Roberts-Thomson, Dr David McArdle with A/Professor Elaine Lui

3.30pm - 4.00pm

Afternoon Tea & Industry Exhibition

4.00pm - 5.30pm | Plenary Session | CSF Leaks: Advances in diagnosis and INR treatment of Headache disorders
Moderators: Dr Inna Page & A/Professor Alan Coulthard

4.00pm - 4.25pm

Diagnosis and Interventional treatment of pulsatile tinnitus
Dr Matthew Amans

4.25pm - 4.50pm

Spontaneous intracranial hypotension - searching for the CSF leak, what modality and when!
Dr Tomas Dubrocky

PROGRAM | ANZSNR

Adjuvant Medical Treatment for Patients with Complex Dural Arteriovenous Fistulas
Dr Jonathan Grossberg, MD

10.00am - 10.20am

Cortical Transvenous Embolization for Treatment of Complex Dural Arteriovenous Fistulas
Dr Maxim Mokin, MD, PhD

10.20am - 10.30am

Discussion
Morning Tea & Industry Exhibition
10.30am - 11.00am

INR

11.00am - 12.30pm | Concurrent Session

Advances in DAVF and AVM management
Moderators: Dr Kate Mahady & Dr James Caldwell

11.00am - 11.20am

New perspectives on endovascular classification of DAVFs
Professor Alessandra Biondi

11.20am - 11.40am

Management and Vascular Aspects of Superior Petrosal Sinus dural AV fistulas
Professor Alessandra Biondi

11.40am - 12.00pm

Spinal vascular malformations: from pathophysiology to treatment
Professor Timo Krings

12.00pm - 12.20pm

Embolisation of Spinal Cord AVM/AVFs
Professor René Chapot

12.30pm - 2.00pm

Lunch & Industry Exhibition
ANZSNR AGM

INR

2.00pm - 3.30pm | Concurrent Session

New frontiers: Embolisation for subdural haematoma
Dr Brendan Steinfors & Dr Alistair Jukes

2.00pm - 2.30pm

Neuroanatomical and pathophysiological considerations for subdural haematoma embolisation
Dr Eytan Raz

2.30pm - 3.00pm

Embolisation of subdural haematoma: current state of the evidence and future direction
Dr Ali Khabaza

3.00pm - 3.30pm

MMA embolisation: Particles, coils, liquid agents: Which? When? Why?
Professor Justin Moore

3.30pm - 4.00pm

Afternoon Tea & Industry Exhibition

4.50pm - 5.15pm

Imaging and Interventional therapy for IHH: what's the latest?

Dr Geoff Parker

5.15pm - 5.30pm

MMA embolisation for migraine: a new frontier?

Dr Nathan Manning

ANZSNR ASM Dinner

7.00pm Great Southern Ballroom, @ RACV Cape

Schanck

Sunday 2nd April 2023

ASM Day 4

Diagnostic

9.00am - 10.30am | Concurrent Session

Haemorrhage & Vascular lesions of brain & spine

Moderators: A/Professor Prमित Phal & Dr Catherine Mandel

9.00am - 9.20am

Imaging for CNS Hemorrhage

Professor Howard Rowley

9.20am - 9.40am

Demystifying dural fistulas of the brain: what the diagnostic radiologist needs to know

Associate Professor Shalini Amukotuwa

9.40am - 10.10am

AVM of the brain & spine: what a neurosurgeon wants to know

Associate Professor Leon Lai

10.10am - 10.30am

New frontiers in Intracranial haemorrhage management

Professor Bruce Campbell

Morning Tea & Industry Exhibition

10.30am - 11.00am

11.00am - 12.40pm | Plenary Session

New Horizons in Diagnostic and Interventional Neuroradiology

Moderators: Dr Con Phatouros & Professor Peter Mitchell

11.00am - 11.15am

Where have we come from? History of INR in Australia

Professor Winston Chong

11.15am - 11.45am

Research Orals Presentations

11.45am - 12.00pm

The SWITCH study final results and future trials

Professor Peter Mitchell

12.00pm - 12.10pm

New frontiers in NeuroInterventional Oncology - exploring the role of Selective Internal Radiotherapy

Professor Sameer Ansari

12.10pm - 12.30pm

What's on the horizon for INR? The E-shunt System

Dr Adel Malek

12.30pm - 12.50pm

What's on the horizon for diagnostic neuroradiology

Professor Meng Law

12.50 - close

INR

9.00am - 10.30am | Concurrent Session

Complications: my nightmare INR cases and creative solutions

Moderators: A/Professor Ronil Chandra & Dr Lee-Anne Slater

Panel: Dr Brendan Steinfurt, Dr Ruchi Kabra, Dr Tim Ang & Professor Justin Moore

9.00am - 9.10am | Dr Kate Mahady

9.10am - 9.20am | Panel and audience discussion

9.20am - 9.30am | Dr Hal Rice

9.30am - 9.40am | Panel and audience discussion

9.40am - 10.00am | Professor Alessandra Biondi

10.00am - 10.10am | Panel and audience discussion

10.10am - 10.20am | Associate Professor Ronil Chandra

10.20am - 10.30am | Panel and audience discussion

Morning Tea & Industry Exhibition

10.30am - 11.00am

Prize presentation and close followed by lunch
